

# Port St Lucie Door worksheet

Use one sheet for the same job. Keep exclusions beside the price.

## 1. Gather the details

- ☐ Property ZIP, floor level and access to the door
- ☐ Door brand or visible identification if available
- ☐ Symptom, affected panel and whether the latch works normally
- ☐ Visible track damage and any previous repairs
- ☐ Number of doors and the dates you can allow an assessment

## 2. Compare two written proposals

| Question to confirm                                                         | Quote A / business | Quote B / business |
|-----------------------------------------------------------------------------|--------------------|--------------------|
| <b>Assessment</b><br>What movement and hardware checks are included?        |                    |                    |
| <b>Parts</b><br>Which rollers, latch or other parts are included?           |                    |                    |
| <b>Track and alignment</b><br>What track work and adjustments are included? |                    |                    |
| <b>Exclusions</b><br>Are glass, screens or full replacement excluded?       |                    |                    |
| <b>Handover</b><br>What operation checks and warranty terms are supplied?   |                    |                    |
| <b>Total + exclusions / extra charges</b>                                   |                    |                    |
